### **TUITION REFUND POLICY**

The Student has the right to cancel enrollment at any time. The Student must contact the Director via email or writing to cancel enrollment. If the Student cancels from the program of instruction any time after enrollment in the program, the School will remit a pro-rata refund for the unearned portion of the tuition up to completion of 60% of each the distance education or on-ground portions of the program, as applicable, less the non-refundable registration fee. The last date of actual attendance is used in calculating any refund amount. Please refer to the Calculation of Refund Amount. All refunds due will be made within 45 days of the student's effective withdrawal date or cancellation.

If a student completes the total hours of the program in less calendar time than that published, the contracted tuition shall be fully earned by the Institution upon the date of completion, and the student will not be entitled to any refund due to earlier completion.

### **Calculation of Refund Amount**

Students who withdraw, or drop out, or are dismissed prior to completing 60% of each the distance education or on-ground portions of the program will receive a pro-rata refund, less the non-refundable registration fee. The last date of actual attendance is used in calculating any refund amount. The refund to be paid to students for their program of instruction shall be calculated as follows:

1. Divide the distance education or on-ground tuition by the number of days in the respective portion of the program.
2. The quotient is the daily charge of tuition for the program.
3. The amount the student owes for purposes of calculating the refund is derived by multiplying the number of days the student attended during the program, before withdrawal, by the daily charge for tuition.
4. The refund is the difference between the amount originally charged for the program\*\* and the amount calculated in #3.

\*\* \$250.00 non-refundable registration fee will be deducted from student refund.

The School will refund money collected from a third party on the student's behalf, such as Veteran's Benefits and/or WIA funds, if the school cancels or discontinues the course in which the student is enrolled, or if the student drops out. If any portion of the tuition was paid from the proceeds of a third party, the refund will be sent to the lender or agency that guaranteed the funds. Any remaining amount will first be used to repay any student financial aid programs from which the student received benefits, in proportion to the benefits received. Any remaining amount of money will be paid to the student. If the student obtains a loan to pay for

an educational program, the student will have the responsibility to repay the full amount of the loan plus interest, less the amount of any refund.

### **CANCELLATION POLICY**
